[This source contains material on religion, rituals and legends. Since it seems to be a purely secondary source, using Pelleschi and others, it has not been processed for the SI7 Mataco file. --Analyst]

Hunt, Rev. R.J. Mataco-English and English-Mataco Dictionary (with grammatical notes). Etnologiska Studier, Vol. 5, pp. 1-98. Goteberg: Walter Kaudern, 1937.

Yale: Nk10 Et42 v.1-5

[This source, by a member of the South American Missionary Society, is mainly a lexicon of the Vejoz dialect of the Mataco Indians living on the Rio Bermejo. The grammatical notes are based on Latin grammatical categories and not on the Mataco. Little cultural information is contained in the lexicon. For these reasons, this source has not been processed for the Mataco file.--Analyst]

[This is an account of the travels of an official of the Civil Engineers' Service in the Argentine Republic some time during the late 1870's. Since much the same material is covered in more detail in 1: Pelleschi, this source has not been processed for the Mataco file.--Analyst]
